Re: the levy of the Education Cess.

Resolution. It was resolved unanimously as follows:-

The Cess may be levied at six pies in the rupee subject to the following two conditions:-

1. It is necessary to levy the cess on all the items on which the local cess is being levied.

2. The Education Cess must be utilised ~~wholly~~ solely for the Primary Education in rural areas and that the management of the fund collected must rest with the Taluk. The Taluk Board has agreed to the levy of the said cess subject to the said two conditions and if the said conditions are not fulfilled the Board must be deemed to have not consented to the levy of the Cess. As there are many land owners besides those owing lands under the Nala a cess of only six pies in the rupee may be levied.

ROUTINE NOTES.

[To be used only for notes, requisitions, etc., not intended for permanent record.]

The G.O. received from the Local Boards Branch and the connected file are herewith submitted for perusal. The rate of the cess in each district has to be specified for purposes of collection of the cess and for preparing programmes of expenditure in the Education Dept. But the rate recommended by the Board and sanctioned by Government is "not exceeding 6 pies in the rupee". Apparently no action can be taken till this rate is decided

Respectfully. Kind reference is invited in this connection to the unequivocal resolution of the Hole-Narsipur Taluk Board, which cannot

With reference to the first point raised in the above Note about conditional acceptance of the levy of the cess being ineffective, attention is invited to similar resolutions passed by some of the Taluk Boards in the Bangalore District while agreeing to the levy of the cess :—

1) Channapatna — One anna cess may be levied if all restrictions as to ryots' liability to contribute towards pay of school masters, cost of buildings to be done away with & all facilities are afforded in rural parts as in towns.

2) Anekal — One anna cess may be levied and at least ¾ths of the realisations should be spent within the Taluk &c.

3) Doddballapur. — A cess at 6 pies may be levied and the control handed over to the Taluk Board.

4) Magadi — Cess at one anna may be levied provided the realisations are earmarked for Elementary education and spent within the Taluk.

It is seen from the above that the levy was not held to be ineffective although 4 out of 7 Taluk Boards in the Bangalore District accepted the levy only conditionally.

As regards the rate of the levy, the lowest rate accepted by all the Boards, namely 4 pies, may be fixed if considered desirable. If the suggestions commends itself, a ~~revised~~ fresh draft order will be put up.
